Westminster Village's Sowders Awarded Essential Pieces Award

West Lafayette, IN – Westminster Village Social Worker Vanessa Sowders, BSW, won the 2015 Essential Piece Award presented by Great Lakes Caring Home Health, Palliative and Hospice Care.

Sowders was selected from more than 18,000 candidates; and was one of over 140 social workers and departments in Michigan, Ohio, and Indiana chosen by Great Lakes Caring Home Health and Hospice for three very important reasons: her belief in the importance of effective communication between Great Lakes Caring and Westminster Village's staff; for being mindful of the needs of her residents and the importance of making timely referrals; and for her support and understanding of the importance of collaborative care.

About Westminster Village. *Opened in 1976 as a continuing care community and expanded over the years, Westminster Village is home to 350 residents who live in single-family houses, independent-living apartments, assisted living apartments and The Health Center. Village amenities include walking paths, a wellness center, library, salon, and The Village Pub, which is open to residents and the public. New luxury hybrid homes are in development. The campus covers 34 acres. Learn more at www.wwvl.org.*
